Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the ink-jet recording head as claimed in the combination is not taught by the prior art.

Yamamoto (US Patent Application No. 2003/0058309) is at issue. Elements 110a and 110b, referenced by the Applicant in the outstanding remarks reference the same element the Examiner indicated as "122 on the left" and "122 on the right" in the outstanding office action. Upon further consideration, the examiner agrees with the applicant that elements 110a and 110b (i.e. "122 on the left" and "122 on the right") are one and the same elements as opposed to two separate conductive layers, as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
